Edmonton – June 14, 2021 – Cortus Metals Inc. (the “**Company**”, or “**Cortus**”) (TSX-V: CRTS), is pleased to announce that the Company has closed a private placement of \$1.275 million and arranged aggregate debt settlements of \$386,860 in cash and units of Cortus, for a combined total of 10.43 million units, in connection with completing its acquisition of Intermont Resources LLC to finalize 100% ownership of its portfolio of 20(+) highly prospective epithermal and Carlin-style gold-silver projects in Nevada, USA, each targeted for potential to discover 1(+) million oz.

Cortus CEO Sean Mager commented, “Our team has spent 8 months evaluating, prioritizing, and securing this portfolio of well over 2,200 claims across 20(+) projects covering more than 46,000 acres, with the intent to develop drill targets and execute drill programs of 2,000 to 4,000 metres at each one. Completing the acquisition of Intermont will enable us to accelerate this process with partnership arrangements. Cortus, its partners, and investors are well positioned to make multiple discoveries and advance them to production in the prevailing metals market.”

The previously announced private placement (the “**Financing**”) (see press release dated May 11, 2021) raised aggregate gross proceeds of \$1,275,099.90 through the sale of 8,500,666 units at a price of \$0.15 per unit (each a “**Unit**”).

Each Unit comprised one common share and one half of one share purchase warrant. Each whole warrant (a “**Warrant**”) entitles the holder to acquire an additional common share at a price of \$0.25 per share until June 14, 2023. The Warrants are subject to an accelerated expiry provision such that if the closing price of the Company’s common shares is equal to or greater than \$0.30 for a period of five consecutive trading days (at any time at or following the expiry of the four months resale restriction period), the Company may, by notice to the warrant holder in writing or via press release reduce the remaining exercise period applicable to the warrants to not less than 30 days from the date of such notice.

Aggregate finder’s fees of \$49,458.48 in cash and 309,723 in finder’s warrants, bearing the same terms as the Warrants, were paid to registered dealers in connection with the Financing. The securities issued pursuant to the Financing bear a four month hold period expiring on October 15, 2021. Sean Mager, a director and the CEO of the Company indirectly subscribed for 500,000 Units of the Financing, bringing his aggregate holdings to 3.05% of the Company’s outstanding shares, which participation is considered to be a "related party transaction" as defined under Multilateral Instrument 61-101 ("MI 61-101"). Such participation is exempt from the formal valuation and minority shareholder approval requirements of MI 61-101.

The proceeds of the Financing will be utilized for exploration expenditures on the Company's mineral properties, including those properties to be acquired following its acquisition (the "**Intermont Acquisition**") of Intermont Resources LLC ("**Intermont**") (see press release dated May 11, 2021), the repayment of short term debt of Intermont in the approximate amount of \$98,160 and general working capital. The Intermont Acquisition is expected to be completed in the next five days.

The Company also announced that it has entered into debt settlement agreements (the "Settlement Agreements") with two arms-length creditors (the "**Creditors**") to settle an aggregate of \$288,700.15 in debt (the "**Debt**"), following the completion of the exercise of the Intermont Acquisition. The Debt comprises \$100,000 in services provided to the Company and the settlement of \$188,700.15 in short term debts of Intermont.

In the settlement and satisfaction of the Debt, the Company has agreed to issue to the Creditors an aggregate of 1,928,668 Units at a deemed issue price of \$0.15 per Unit (the "**Debt Settlement**"). The issuance of the Units pursuant to the Debt Settlement is subject to the approval of the TSX Venture Exchange and conditional upon the completion of the Intermont Acquisition.

All Units issued in connection with the Debt Settlement are subject to a statutory hold period of four months plus a day from the date of issuance in accordance with applicable securities legislation.
